Tour in brief

- Dedigama is a beautiful village that has a little bit of everything that Sri Lanka has to offer. The simple lifestyle and true hospitality of the village dwellers is something to experience for yourself.
- First you will go to the Kotavehera, which gets its name from the shape of the stupa, which does not have the usual upper part. After a short walk, you will be able to see the museum and after that you will see the Stripura Cave.
- After this visit, you will walk through the paddy field and visit the Manioc plantation,. You will be provided with a freshly prepared Sri Lankan breakfast (milk rice or manioc and belimal drink). After breakfast you will be escorted to the vegetable chena. There, you will be able to learn the fascinating techniques that farmers use during cultivation. After the experience, visit Ambalama and refresh yourself with a king coconut and a village fruit buffet while you listen to folk poetry.
- After the folk poetry you will be able to visit the chief farmer's paddy field. Here you will learn about what life is like on a paddy field and how people work together during cultivation.
- After having lunch (rice & curry, and fruit salad) you're off on a trek to Theli Waterfall. This is a beautiful waterfall with a mesmerizing rock pool. The experience will end at 3.30 pm, after a brief discussion session complemented by an evening refreshment along with srilankan traditional sweets (Helapa, Walithalapa).
